Sir:

In response to the Restriction Requirement mailed July 31, 2007, applicant elects claim Group I. For the species requirements applicants elect cholinesterase inhibitors and donepezil. However, applicant would rather not choose among the species offered for the genetic abnormality of the subject. Applicant has amended the claims which were directed to genetic abnormalities. These claims now recite various learning disabilities.

Applicants request a five-month extension of time until January 31, 2007. Please charge our Deposit Account No. 19-0733 accordingly.
